Re: Letter of Recommendation for PortingXS

To whom it may concern,

I have had the pleasure of working with PortingXS since 2011 on the implementation of local number portability (LNP) in the Cayman Islands.

PortingXS successfully won their bid to provide a solution for LNP and in March 2012 Logic, along with the other telecom providers in the Cayman Islands, successfully launched LNP.

We have found over the last few months that the staff at PortingXS has been very supportive and capable of handling all issues that have arose through the launch of LNP. We find them to be very professional and accommodating.

Therefore, we have no reservation in recommending PortingXS. Please do not hesitate to contact me directly with any further questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Small", written over a horizontal line.
