Dear Ronald,

RE: PortingXS Performance

As a customer of PortingXS in three jurisdictions (Guernsey, Jersey and the Isle of Man) we have been extremely satisfied with the performance of multi operator Porting Database. Once your company was selected the PortingXS team played an active role in the development of each island's processes and provided an independent viewpoint that allowed the concerns from each operators to be validated and any problem to be overcome. Patty's and Michel's contributions to the projects were critical to the operational and technical success that MNP has been for the Sure Networks.

We are pleased to recommend PortingXS and confident that you will play an important role in bringing MNP to other markets.

Yours Faithfully

For Cable & Wireless Guernsey Ltd.
