

PortingXS Recommendation

PortingXS
PO Box 213, 2600 AE Delft
The Netherlands

August 3, 2012

To whom it may concern,

BEN, part of the T-Mobile Netherlands Group, has chosen PortingXS to execute and support there number porting activities.

For BEN Prepaid this includes all technical porting activities plus first line MNP activities (Service fulfilment).

Furthermore Porting XS supplies a technical Interface solution for BEN Postpaid to retrieve the NO code (Network operator).

The cooperation between BEN and PortingXS, which stands for more than two years now, is considered as smooth, cooperative, and professional.

Therefore we have no reservations to recommend Porting XS as a reliable business partner.

Kind regards,

De groeten van Ben[®]
